- (ii) Training, Technology and Scholarship Fund as per Article 26. For the avoidance of doubt, this expense is included as Expenditures for purposes of determining the R-Factor, but shall not be Petroleum Costs.

- (e) During the Plateau Production Period the Remuneration Fee payable in respect of any Quarter shall be adjusted by multiplying it by the Performance Factor. However, any adjustment to the Remuneration Fee under this Article may cease to apply in accordance with Article 12.5 in relation to: (i) minimizing Associated Gas wastage (under Article 12.5(b)); (ii) Government imposed production curtailment (under Article 12.5(e)); and/or (iii) where normal production is curtailed or suspended through failure of Transporter to receive the same at the Transfer Point through no fault of the Operator or Contractor (under Article

 - (d) Any due and payable Service Fees that remain unpaid in respect of any Calendar Quarter shall be carried forward and paid in succeeding Quarter(s) until fully paid.
- 19.7 For the purpose of calculating the Supplementary Fees and Service Fees only, the Baseline Production and Incremental Production of Crude Oil under Articles 19.3 (b) and 19.6 (c) shall be valued at the Provisional Export Oil Price, pursuant to Articles 17 and 18.
- 19.8 Subject to Article 8, any due and payable Supplementary Fees and Service Fees that remain outstanding at the expiry or termination of this Contract shall become immediately due and payable within thirty (30) days thereof, or under such other terms as may be agreed by the Parties.
